Practically every banker in the city is strongly behind the open shop movement.

The campaign committee has held meetings in the municipal auditorium during the past two days, and daily meetings are to be held at the same place during the coming week.

One of the principal duties of this committee is to interview contractors working here or who propose to work here, and to talk with business men and merchants with a view to securing their complete co-operation in making Tulsa an open shop city.

At the meeting held yesterday, the following resolution was adopted:

That in all advertising we call attention to those belonging to the Tulsa Open Shop association, and request the citizens of Tulsa to trade with those having the open shop card displayed.

The committee will endeavor to maintain close touch with prospective builders of residence or business property, and will urge that they give their co-operation and assistance to the Open Shop association.

### LEAVES FOR OLD MEXICO

To Look After Marland Oil Interests  
Undaunted by War Situation

Congratulations on his daring in venturing into the "Mexican situation" were received yesterday by George Shallenberger of Ponca City son of Mr. and Mrs. F. E. Shallenberger, of this city, who left yesterday evening for a trip to old Mexico in the interest of the E. W. Marland Refining company of Ponca City. Mr. Shallenberger said that the Mexican situation did not trouble him.

### State Briefs

POKCA CITY, May 1.—An additional levy of 10 mills for teachers pay was endorsed at a special election Tuesday, with only three voters objecting. Salaries will be \$100 a month on a 12-month basis.

MIAMI, May 1.—Work on the concrete highway between this city and Afton has been held up since March 4, when the salaries of commissioners stopped. A telegram from Congressman Howard says that the government has set aside \$164,156 for the road and suggests that the work be held up waiting for suitable weather. Farmers in the south part of the county are getting impatient.

POKCA CITY, May 1.—The board of education has turned down all bids on the proposed nine-room ward school in the south part of the city. None of them came within the \$3,000 recently voted for that purpose. No additional bids will be asked for for several months.

POKCA CITY, May 1.—Federal aid has been recommended for a road project that will connect Peshawar with Peshawar, a hard surface highway, and the commissioners have also made application for the 121 quota, approximately \$50,000 more.

PAWNEE, May 1.—In an effort to sell a Ford car stolen from C. B. Graham of Oton, two confederates, operating separately, became suspicious and fled, leaving the car to be confiscated. While one of the two brood the constable for a sale at \$250, another offered the justice the same property at \$250.

WYNONA, May 1.—Pawhuska

officers who undertook to raid gambling houses here recently found the resorts practically deserted and arrested only one man who was found on the premises. Paraphernalia was confiscated and destroyed. The sports had evidently been tipped off.

PAWNEE, May 1.—Protesting that the consolidation and removal of their agency to Pawnee is expensive and inconvenient, the Oto and Missouri Indians have secured a petition signed by 150 members of the tribe asking congress to restore the agency at Oto, south of Ponca City, and reappoint George A. Hoya disbursing agent for the tribe. This agency had been merged in that of Pawnee by order of Cato Sells.

PAWNEE, May 1.—The great Oage dance, in which 150 braves participate, began a five-day session Friday at the picturesque roundhouse at the Indian village near town. The costumes are varied and striking, ranging from almost primitive attire to rare and valuable decorations. Much of the ceremony is religious in significance.

## Oily skin and shiny nose

How to correct them

Do you know that the oil in your skin is necessary to keep it smooth, velvety, supple? This oil is constantly being produced by the glands of the skin. When it is too abundant the result is an oily skin and a shiny nose. You can relieve this embarrassing condition by using the following treatment as frequently as is necessary.

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice.

This treatment will make your skin

firmer and drier the very first time you try it. Use it as often as your skin requires, nightly if necessary, and before long you will see a marked improvement.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

# Tulsa Open Shop Square Deal Association

For the benefit of some of the citizens who are not familiar with the Tulsa Open Shop Square Deal Association we will try and make it plain in this advertisement. This association is not a clan of capitalists alone, its members consist of various crafts from the poorest to the richest. As everyone well knows organized labor of late years has become so largely organized and seemingly fell into the hands of the less skillful floating and grafting element. The writer deems it a waste of time to go into detail and explain in this advertisement the injustice that organized labor has brought about to the general public.

The principal object of the O. S. S. D. A. is not to lower wages, as the union leaders would have the public believe, its principle objects are to increase production, and of course to do this it will be necessary to pay the more skillful workmen the highest possible wages and the less competent one in accordance. With this condition prevailing it is plain for the reader to see that there will be an incentive for the less competent man to become more efficient and thus bringing about greater production.

Again we wish to have it distinctly understood that the O. S. S. D. A. is not an organization for any particular employers or class of employers, neither is it an organization for the employees; this is an organization for everybody. We are proud of the variety and number of members of this organization at present, and publicly solicit the affiliation of any good citizen in Tulsa and vicinity who thinks that this is a good work.

We have been impressed by some as though they were under the impression that this association was organized for the purpose of breaking up the unions, such is not true, however, we will admit that we are in direct competition to the unions, and if the unions cannot meet the opposition they will be eliminated and go down to defeat.

With the support and indorsement of the chamber of commerce, to which is due all the credit of the present standing of Tulsa, also the Retail Merchants association and all of the civic clubs of the city and the financial backing of the Clearing House association, the writer cannot see any possible way why this association should not be

a howling success and serve the general public of Tulsa and vicinity to a wonderful extent.

Watch these columns daily for the progress and workings of the S. D. A. Are you a member of this association? If not do you want to become a member of same?

Some readers may think they are not interested, of course if you are not interested in Tulsa, then we understand your lack of interest in the S. D. A. On the other hand if you have the welfare of Tulsa at heart then you should become a member of this organization.

We will advertise in a very few days a downtown headquarters where new members may call and join. We will also have in connection an employment and information bureau.

The O. S. S. D. A. is to Tulsa just what the heart is to the human body. We have met repeatedly and discussed the O. S. S. D. A. freely. We think we are right and doing a wonderful work, and we want you, Mr. and Mrs. Tulsa, to feel interested.

The writer can truthfully say that Tulsa will either go down in history as an open shop town or it will not be any town at all. Now, dear reader, if you are prejudiced to an open shop town you might as well take the first train out of town.

This is the sentiment of every loyal Tulsan that has been consulted since the founding of this organization.

The writer has been impressed by some few, weak-backed, chicken-hearted, more or less incompetent, narrow minded jack legs that this open shop association could not be put over and the real fact of the matter is that it was put over the day it was started.

I want to ask any and every Tulsan, if the Tulsa chamber of commerce, Retail Merchants association, all civic clubs, the co-operation of city administration, Tulsa Clearing House, and you, Mr. Citizen, are not going to dictate the policies of this city, then who in the h— is?
